

Message from the office

Take a look at our new website design,
www.lutonjuniorschool.co.uk

We will add all correspondence and keep you updated on what is happening in school.

Another way we keep you informed is via our text system. To ensure you are receiving all our texts please inform the school office ASAP if your mobile number has changed.

If your child is off sick, remember to call the office on the same day to notify the school and also a follow up letter when your child returns.

Can you please ensure that your child's uniform, PE kit and coat is labelled with their name as we have a number of items left by children in places other than their classroom and it is then difficult to identify who the items belong to.

No Heelys to be worn into school. Please ensure your child has sensible black school shoes.

Can you please ensure that trips are paid for in order for the trips to go ahead to avoid disappointing the children.

Many thanks!

Celebration Newsletter

Message from the Head Teacher

I would like to start by thanking you for all your support during the Year 6 SATs testing. We are very proud of our year 6 and want to praise them for their hard work, effort and commitment to doing their best.

We are pleased to launch our new website. The new website is designed to be user friendly and interactive for the whole school community. We would appreciate any comments or feedback you may have.

We hope you enjoy your week break and look forward to seeing you next term.

The newsletter can also be viewed on our webpage,
the address is below.

www.lutonjuniorschool.co.uk

Year 3

We have been working hard in year 3 learning our multiplication and division. Thank you for your support in learning your times tables at home.

We survived the Plague last week in our History lessons. We will be focusing on The Great Fire of London this week.

We are looking forward to our trip to London on Tuesday 24th May. All the children are excited about it and we can't wait to watch the Changing of the Guard.

3K would like to thank Jack for his fantastic work in English this week.

3W would like to thank Alex for all his efforts in Mathematics through Multiplication.

3H would like to thank Zahra for her performance in Mathematics this week.

Year 4

We are looking forward to some exciting class activities coming up based on our learning. In Design & Technology, and within our theme of inventions, pupils are taking part in the Egg Drop Challenge. This involves creating a protective package for a raw egg to be dropped in from a height. Pupils have planned and designed their packages and are at the stage of gathering materials to create their masterpieces. Any materials that can be provided by parents/carers will be greatly appreciated.

In science; pupils have been learning about the digestive system and how the different parts work. To aid their learning, they will be creating poo!! Pupils will have an opportunity to offer ideas on how to create this experiment and then conduct it.

Year 4 teachers and adults would like to say a huge well done and thank you to all children for their responsible and considerate attitude towards Year 6 during SATs week.

We would also like to welcome 6 new children into our year group. In 4T we have Lucia and Miriam-Alesia, 4L Sandra and Jasmine and in 4HL Tomass and Sean. All of year 4 hope you enjoy being with us and look forward to getting to know you.

Year 5

Over the last two weeks Year 5 have been composing their own play scripts to explore controversial themes in today's society. Each of the Year 5 classes has written a script of six dramatic scenes, based on the thrilling tale of a young refugee. Having completed our final drafts of these, we are now rehearsing in readiness to perform each other's work.

In maths, we have been focusing on mental arithmetic strategies coupled with measurement revision. Special congratulations to 5V's Cristian Bratu, 5M's Jaida Allan and 5C's Anna Wheeler.

In Art, we have explored the work of the famous Picasso, learning about Cubism and mimicking his artwork. This colourful and abstract style of art is really livening up the Year 5 corridor. Our History lessons have focused on the changes that have taken place in Chatham within the last 50 years. Some children who have performed well in these areas are 5C's Gabriele D, 5V's Casey Perez-Lumbreras and 5M's Ellie MacGregor.

We have begun our PSHE topic, to help us to understand the changes that occur in our bodies during puberty. Feel free to speak to your child's teacher for further information on this.

Year 6

Well done to our year 6 children for surviving the SATs. All the adults are extremely proud of you. You have all worked exceptionally hard and shown commitment and perseverance. We are especially proud of how you have all matured this year into responsible students.

Next we will be immersing ourselves in writing.

Our new topic is Charles Darwin. The children had the opportunity to visit the Natural History Museum on Monday 16th May to launch their new topic.

Pupils enjoyed the trip and the opportunity to attend a variety show at the Darwin Centre.

Teachers would like to nominate all year 6 children for their fantastic attitude to learning and for their engagement with their writing.

A special mention to Roman Dzuga for his fantastic behaviour during the trip.

Lillieann Bacon for her exceptional effort with her writing.

Mayzi Leigh Bennett-- For her positive attitude and hard work.

Keep up the good work!!
